

# Why attend IMA

IMA student score a minimum of two grade levels higher than their own grade level, on standardized tests. Many students are scoring as much as four grade levels higher.

IMA is one of a few schools that use the classic Montessori Method for primary grades 1-6. The school promises to teach a 4 year old child to read within four months.

An educational value that is comparable to the most expensive schools in SE Michigan at a fraction of the cost.
